

Panopto-Share Video in Blackboard

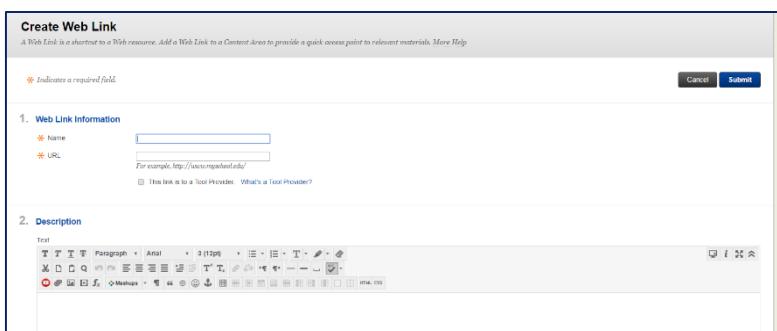

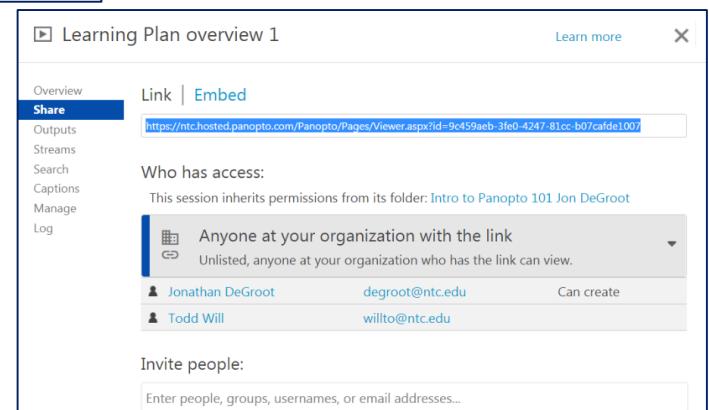

After a video is created, instructors can share the video by either **embedding** or **sharing** the link to the video in their Blackboard course. Follow the directions below to share **Panopto videos in Blackboard**.

Sharing a Panopto Link

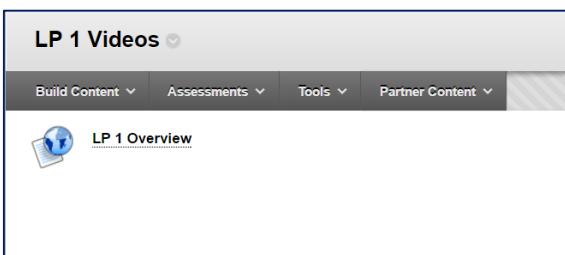

1. Log into Panopto and navigate to the video you want to share. Click on **Share**.

2. To share the link, click on the link to select it and then copy the link by hitting **Ctrl+C** on your keyboard or right click and select **Copy**.
3. After copying the link, go to the Blackboard course the video link will be posted in.
4. Hover over **Build Content** and select **Web Link**.
5. Enter a **Name** and paste the Panopto link in the URL text entry box. Enter a description if desired and click **Submit**.

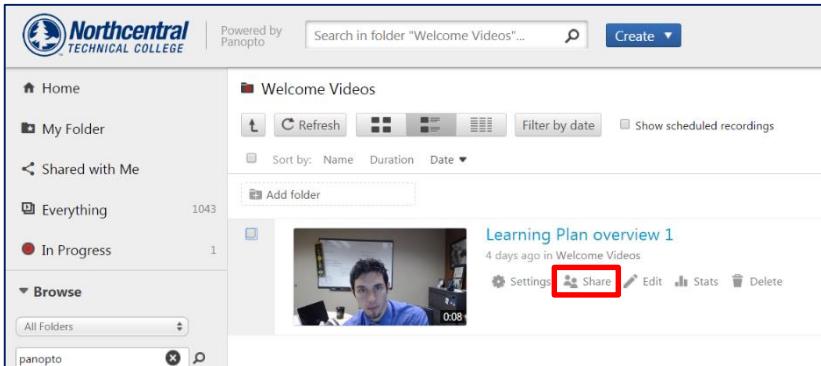

6. The link will now display as pictured below.

Embedding a Panopto Video

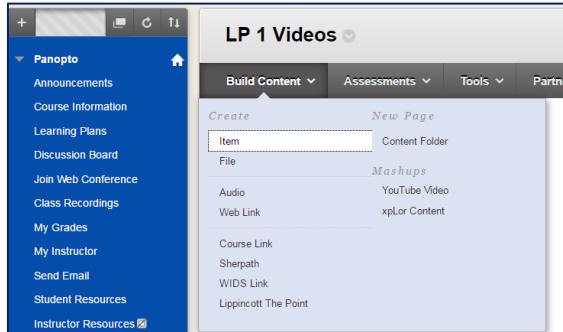

1. Log into Panopto and navigate to the video you want to **Embed**. Click on **Share**.

The screenshot shows the Panopto interface. On the left is a sidebar with links like Home, My Folder, Shared with Me, Everything (1043), In Progress (1), and a Browse section. The main area shows a list of videos. A specific video titled "Learning Plan overview 1" is selected, showing a thumbnail of a person speaking. To the right of the thumbnail are buttons for Setting, Share (which is highlighted with a red box), Edit, Stats, and Delete.

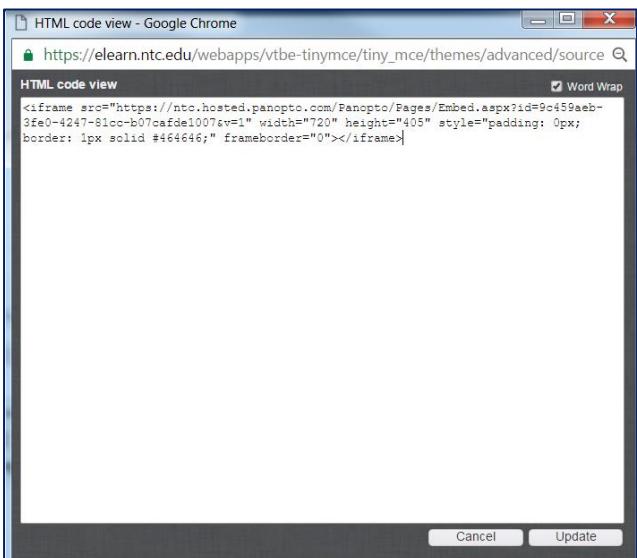

2. To **embed the link**, first click on **Embed**, then **click on the code** to select it and copy the code by hitting **Ctrl+C** on your keyboard or **right click** and select **Copy**.

3. Hover over **Build Content** and Select **Item**.

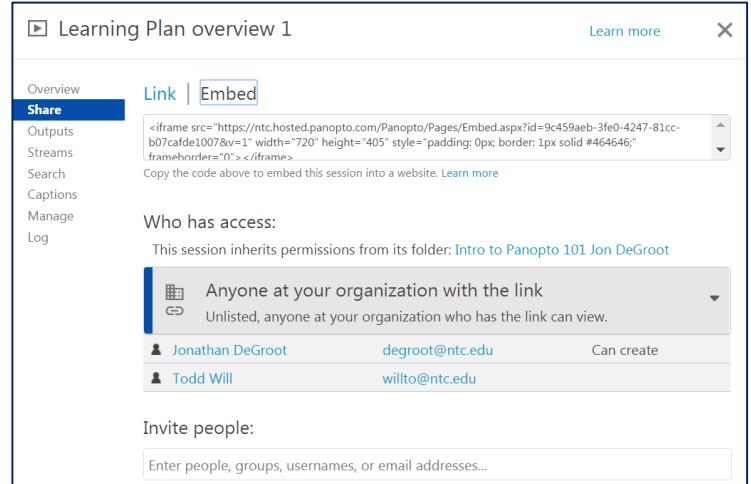

The screenshot shows a 'LP 1 Videos' page. On the left is a sidebar with links like Panopto, Announcements, Course Information, Learning Plans, Discussion Board, Join Web Conference, Class Recordings, My Grades, My Instructor, Send Email, Student Resources, and Instructor Resources. The main area has a 'Build Content' dropdown menu open, showing options like Item (selected), Content Folder, Mashups, Audio, YouTube Video, Web Link, Course Link, Sherpath, WIDS Link, and Lippincott The Point.

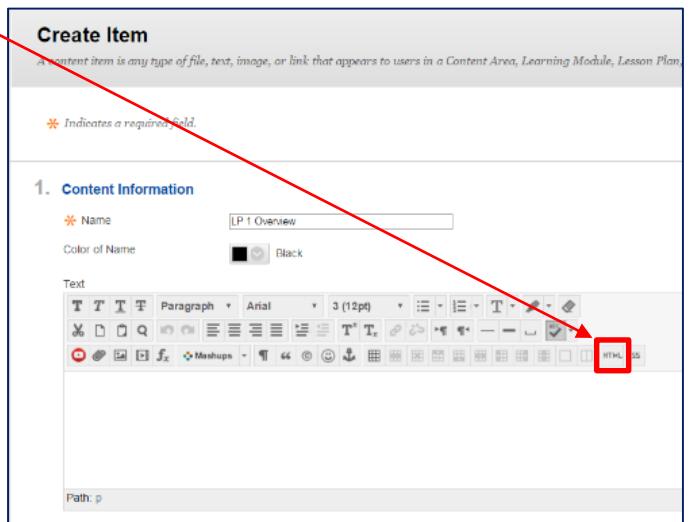

4. Enter a Name for the video then click the **HTML** button.
5. **Paste** (Ctrl+V or right-click>Paste) the embed code into the **HTML** window and click **Update**.

The screenshot shows an 'HTML code view' window in Google Chrome. The URL is https://elearn.ntc.edu/webapps/vtbe-tinymce/tiny_mce/themes/advanced/source. The content area contains the following HTML code:
