

## Panopto-View Video Statistics

One of the major benefits of Panopto is the ability to track statistics on video posted in the system. Instructors can view statistics on which students watched the videos, how much of the video was watched and number of times the video was watched.

### Stats for Class Recordings

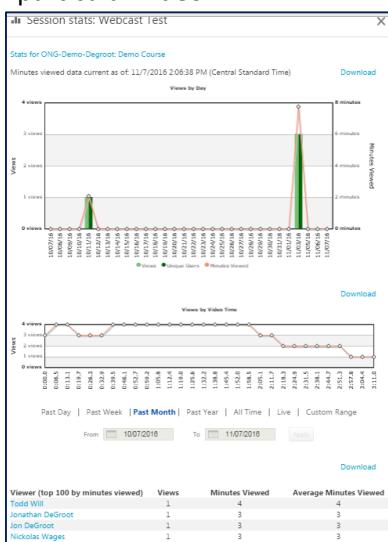

1. To view stats on class recordings, go into Blackboard and click on the **Class Recordings** menu item.
2. To view the stats for the **folder**, click on the **bar graph** in the top right corner of the screen.

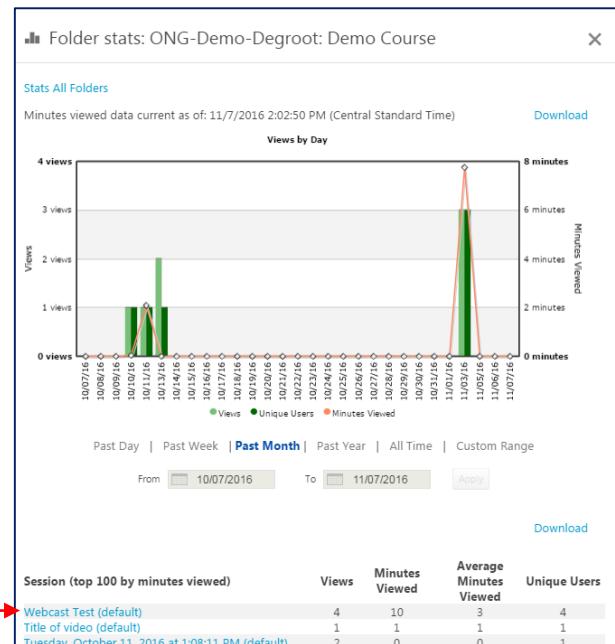

The screenshot shows the Blackboard Class Recordings page. On the left, there's a sidebar with 'My Folder' and 'Shared with Me' sections. The main area lists several videos under 'Browse' (All Folders). One video, 'Get Started with Panopto', has a 'View Stats' link next to it. A red arrow points from the 'View Stats' link to the second step in the list below.

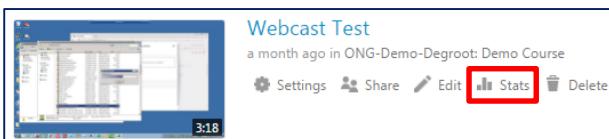

3. The folder statistics page will display. **Views by Day** and a listing of each of the videos viewed will be displayed.
4. Clicking on the title of a video will display statistics for that particular video.

**Views by Video Time**  
is not recorded for  
embedded videos  
within Learning Plans  
or other content

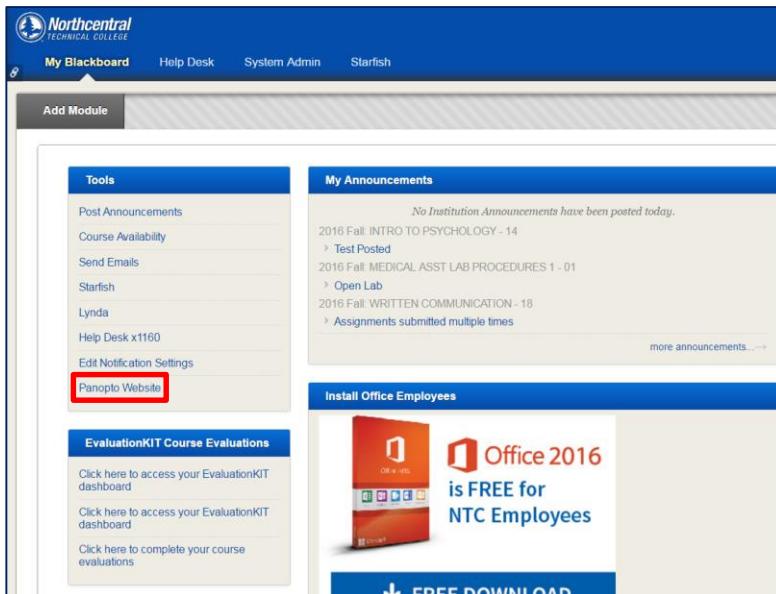

5. Instructors can also view specific video stats by clicking on the bar graph when hovering over a video.

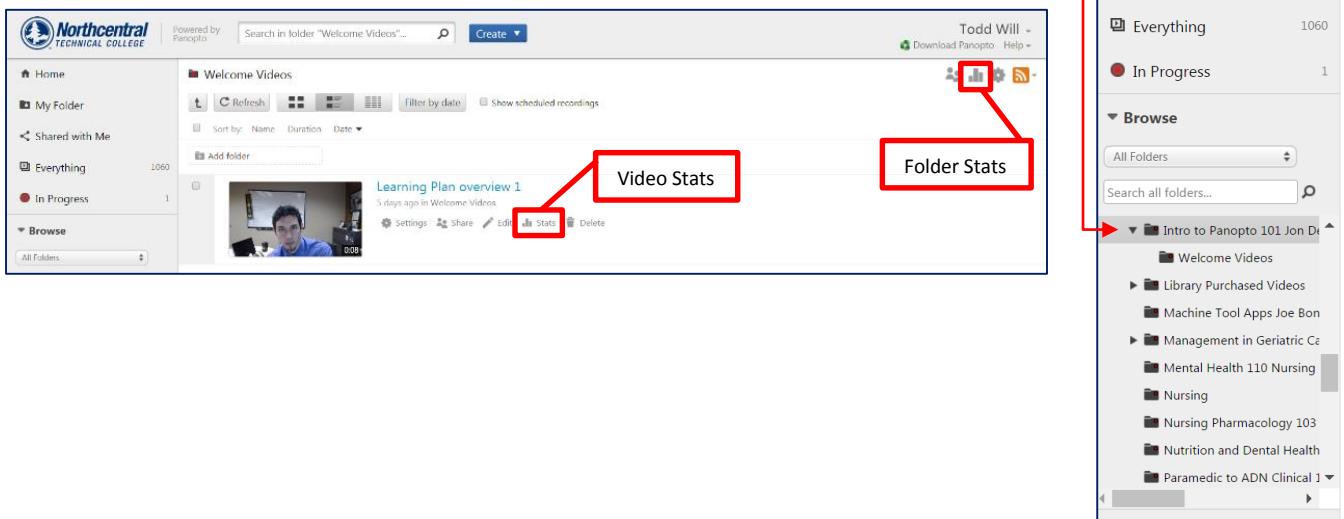

## Viewing Statistics for Embedded Videos

- From the My Blackboard page, click on the **Panopto Website** link in the **Tools** module.

The screenshot shows the 'My Blackboard' page with a blue header. In the top right, there are links for 'Help Desk', 'System Admin', and 'Starfish'. Below the header, there's an 'Add Module' button and a 'Tools' section. The 'Panopto Website' link is highlighted with a red box. To the right, there's a 'My Announcements' section and an 'Install Office Employees' advertisement for Office 2016.

- Once in Panopto, **folder statistics** or **individual video statistics** can be viewed. Click on a folder where a video is that you want to see statistics on.
- After accessing the folder, instructors can view statistics on the **folder** or **individual videos** by clicking on the appropriate **Stats bar chart icon**.

The screenshot shows the Panopto interface. On the left, a sidebar lists 'Home', 'My Folder', 'Shared with Me', 'Everything' (1060), 'In Progress' (1), and 'Browse'. The main area shows a 'Welcome Videos' folder with a video thumbnail for 'Learning Plan overview 1'. A red box highlights the 'Video Stats' button next to the video thumbnail. Another red box highlights the 'Folder Stats' button in the top right corner of the video player. To the right, a sidebar shows a tree view of video folders, with a red arrow pointing to the 'Intro to Panopto 101 Jon D' folder.
