

Panopto

Embed My Video In Canvas

After a video is created, instructors can share the video by adding the video to their Canvas course. Follow the directions below to share Panopto videos in Canvas.

1. Open your course in Canvas
2. Add a new Content Page or edit the Content Page that you wish to add the video to
3. Click on the Panopto icon in the editing tools

4. Click Authorize if you are prompted. Click the drop down box and locate the folder that contains your video. Then click the radio button next to the video you wish to add and click the Insert button.

The screenshot shows a user interface for managing class recordings. On the left, a list of recordings is displayed with thumbnails and details. A red arrow points to the first recording thumbnail. The interface includes a "Choose" button, a "Record" button, and a "Search" dropdown labeled "Choose a folder or start typing to search". A red arrow points to the search dropdown. The dropdown menu shows a list of folders, with "2018 Spring - Accounting 1 01A-F" highlighted. A red arrow points to this highlighted folder. The list of recordings includes:

- Wednesday, 2/28: A thumbnail of a person at a desk, with a red arrow pointing to it.
- Monday, 2/26: A thumbnail of a person at a desk.
- Wednesday, 2/21/2018: A thumbnail of a classroom.
- Monday, February 19, 2018 at 10:02:53 AM: A thumbnail of a person at a desk, with a red arrow pointing to it.

Below the list, the date "2/19/2018" is shown. At the bottom right, there is an "Insert" button with a red arrow pointing to it.
