

Flexible Learning - Blackboard Collaborate

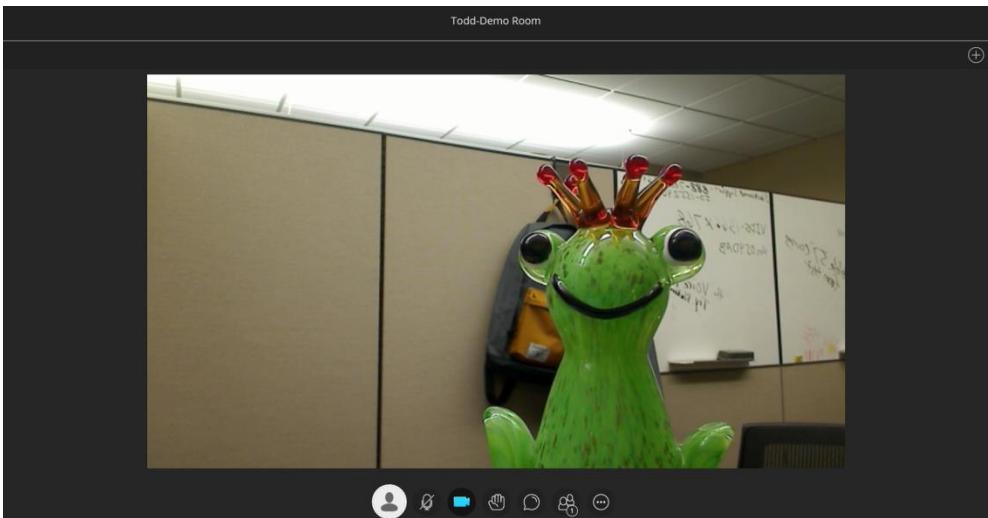

Broadcast Webcam

Follow the directions below to share the computer's webcam in a Collaborate session.

1. Once in a Collaborate session, click on the **Camera (video camera icon)** icon.
2. A **Video Preview** screen will appear. When your video appears, click **Share Video**.

3. The webcam will now display within Collaborate. The camera icon will change to blue when the webcam is on.

4. To turn off the camera click the camera icon again.
